## Effective in R6V02:

Key memos into a work order and display them in invoice history

Effective in R6V02, memos can be keyed into a work order and displayed in invoice history.

In PFW IntelliDealer, the user simply clicks on the Memos tab to open up the memos window (Fig. 1). In the green screen, the F11 key is used.

Once in the Memos screen, the user can key in as many comments as desired (Fig. 2). The comments are intended for internal use and will print only when the PRN command is used.

Once the work order has been invoiced, the memos can be displayed using the Memos option under the Invoice Options drop-down menu in Invoice History (Fig. 3).

Figure 4 demonstrates how the work order memo is displayed from invoice history.

For more information on this software feature and others, contact PFW Client Services at (519) 474-3700, or e-mail [support@pfw.com](mailto:support@pfw.com).
