## New in R6V05

### Equipment Invoicing/ Quoting – Suppress Printing of Subtotals

Users now have the option to suppress the printing of prices for individual stock numbers on an Equipment Invoice or Quote by leaving the “Print Stock Prices” (Fig. 1) checkbox unchecked.

The resulting printout (Fig. 2) will show only a total amount for the entire invoice or quote.

---

**Previously, the price of each individual stock number needed to print for the total to print.**

### Upgrading To R6V05

The enhancement described in this month’s Development Details is only one of many in R6V05.

We would like to remind all customers that R6V05 is the most recent supported release and over half of our customers have upgraded to this release. If you are not on R6V05, we encourage you to contact Client Services at (519) 474-3700 to get this release shipped to you.

### IntelliDealer Payroll Product

PFW has decided to create an IntelliDealer payroll product. We have added this product to the migration list and will keep everyone informed of its status.
