# With PFW IntelliDealer, you won't miss a thing.

When it comes to effectively managing your rental business, you can rely on the PFW IntelliDealer Dealership Management System and its integrated Rental module. Originally designed in cooperation with some of our largest rental-based clients and then fine-tuned with the help of rental industry specialists, PFW IntelliDealer's Rental module gives you the full rent-to-rent capabilities of a dedicated rental house. Whether you're using the color-coded Rental Availability screen to check the status of your fleet, Traffic and GPS Integration to find the exact location of a piece of equipment or Rental Reports to gain a better understanding of your rental operations, you'll get the whole picture with PFW IntelliDealer.
