New Features

R6V07 Enhancements to Equipment Profile

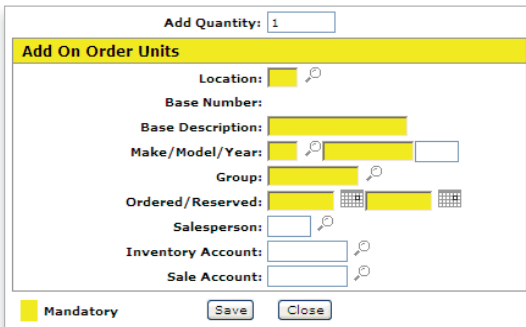

Quick Add of Multiple On-Order Units

Users now have an option to quickly add multiple on-order units. Activation of this quick add feature is controlled by security switch "Allow Quick Add On Order Units" in the Product Support - Equipment Profile section of Maintain User Group security.

When this switch is activated, a "Quick add on order units" link will appear on the Equipment Listing screen.

When this link is clicked, the following "Add On Order Units" screen appears.

The user can continue to key data on the screen and enter the number of units to be created with that same information. Press the "Save" button to create the on order unit(s). The system will automatically assign the stock number to each unit created.

Copy Multimedia When Copying Equipment

When you copy a stock number in Equipment Profile that has multimedia attached to it, you now have the option to copy the multimedia to the new unit.

Check this box and click on the "Save" button if you want the multimedia to be copied to the new unit.

When you click the "Save" button on the "Copy Equipment" screen, the screen will reappear indicating the unit has been added but displaying a new check box called "Copy Multimedia".

DUE TO OVERWHELMING DEMAND

PFW will be offering additional sessions of the Customized Financial Reporting in PFW IntelliDealer™ webinar on an on-demand basis.

This session will highlight key benefits of the system, and introduce the latest features included in the R6V07 release. You will learn how to design, customize, secure, and deploy your custom financial reports in PFW IntelliDealer with flexibility and ease.

Topics include:

- Report design and creation
- Report elements: columns and rows
- Row calculations, usage of wildcards and account ranges
- Special column and row types
- Report options and formatting
- Granting security and access to reports
- Viewing and printing reports (including new Financial Book feature)
- Downloading reports to Excel
- Copying reports

Who should attend?

This webinar is intended for anyone involved in the creation and distribution of financial reports.

Date & Time: To be determined

Class Size: Limited to 30

How: Join the class online via a specific web address and join the conference call via telephone. (Web address and phone number provided at time of registration)

Cost: \$75.00 USD/CAD per participant

Attendance is limited for this session, please register at www.pfw.com/support/webinars/index.htm

COMING SOON – PAYMENT ADDRESS CHANGE

With ADP's acquisition of PFW, our invoices will have a new look and payment address. Please look for this change in the near future and rest assured that PFW will always notify you in advance of any further changes.

Request More Information

For more information on these software features or to order R6V07, contact PFW Client Services at 519.474.3700, or e-mail support@pfw.com.
